

An Invitation to Calthorpe Residents Society Members

**You are invited to an evening event at
Loki, Greenfield Crescent B15 3AU
on November 29th at 7.30 pm,
with a talk from Birmingham Tree Expert
Ian McDermott, including complimentary
wine and snacks.**

***The evening will be fun and informative - the CRS
Committee hopes to see you there!***

Ian, also known as "Mac the Tree", is a well-known Brummie tree expert – *"from chainsaw to eyesore"*.

The Calthorpe Estate is complex, with a significant green infrastructure containing many trees (often with preservation orders placed), a Scheme of Management and, of course, the well-known Edgbaston brand.

Ian will give a talk (and answer your questions) – *"Where the trees begin"* with a focus on residential properties.

He will address the practical issues of tree selection, domestic pruning, property obligations, legal aspects and keeping an eye on any new developments near you!

**Places are limited and will be made available on a
"first come first served" basis. Please reply to
info@calthorperesidents.org**
